

Bring your standard playlist to a higher standard.

The HD 3700 is the definitive answer to 21st century compact disc listening. Using a premium digital-to-analog converter, the new disc player achieves true sonic purity, offering superior dynamic range that eliminates harmonic distortion. With its sleek styling and sound control, the HD 3700 is the ideal home audio companion to the HK 3700 and HK 3770 stereo receivers. Beyond CDs, the player supports a wide range of complementary formats including CD-R and CD-RW, and features a USB input that plays MP3 and WMA files. A remote control (included) lets the listener navigate between play-options with sophisticated ease.

Features

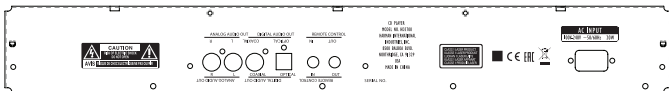

- ▶ Precision-engineered electronics deliver digital-to-analog sound purity
- ▶ The final word on stylish appearance
- ▶ A remote that navigates easily between play options
- ▶ Designed to augment Harman Kardon stereo receivers
- ▶ The ideal fit for your Harman Kardon audio experience
- ▶ Playing CDs is just the beginning
- ▶ Easy, intuitive functionality

Benefits

- The HD 3700's premium digital-to-analog converter and distinguished Harman Kardon electronic design offers a CD listening experience that surpasses any other.
- The HD 3700 doesn't just sound great, it has show-stopping looks to match. Its elegant finish, bright VFD display, and ID3-supporting formats are sure to win hearts and eyes.
- Easily navigate between tracks and more with the touch of a user-friendly remote.
- When paired with HK 3700 or HK 3770 stereo receivers, the HD 3700 delivers a true high-fidelity CD-listening experience.
- The HD 3700 shares the same design and physical width as the HK 3700 and HK 3770 stereo receivers – the two complement each other precisely.
- The HD 3700 doesn't simply play standard CDs. Not only can it play CD-R and CD-RW disc formats, it can also play WMAs and MP3s from USB digital flash-drives.
- You don't need a Master's in Sound Engineering to design the perfect playlist. The HD 3700 lets you program tracks in either a preset or random order.

What's in the Box

- 1 HD 3700 CD player
- 1 Remote Control (batteries included)
- 1 Power Cable
- 1 Analog Stereo RCA Cable
- 1 Optical Cable
- 1 Quick Start Guide
- 1 Safety Sheet
- 2 Power Cables
- 1*warranty card

Audio

- Digital/Analog Converter (DAC) : 24-bit/192kHz
Cirrus Logic® WM8740
- Frequency response : 16 Hz – 20 kHz (+/- 0.2 dB)
- Total Harmonic Distortion (THD) : < 0.009% @ 1 kHz
- Dynamic range : > 95 dB
- Signal-to-noise : 105 dB
- Channel separation : > 100 dB
- Line output level : 2.0V

Power

- Power supply : 100 – 240V AC
Switching mode power supply
- Standby power consumption : < 0.5W
- Power output (Nominal) : 20W

Disc

- Supported disc formats : CD, CD-R, CD-RW, MP3, WMA
- CD sizes : Standard 12 cm and mini-8 cm formats
- ID3 text display : Yes

USB Input

- Supported audio formats : MP3, WMA
- Supported file systems : FAT 32
- ID3 text display : Yes

Control

- IR remote control : Included
- Rear-panel 3.5 mm IR control input : 1
- Rear-panel 3.5 mm IR control output : 1

Physical

- Product Dimensions : 75.29 mm x 440 mm x 332 mm
- Weight : 3.8 kg
